

ANA BLUE STRIPE

#12

2 July 2010

Ladies and Gentlemen of the ANA, we have a new president. On 30 June, 2020, the very day Blue Stripe 11 was issued, your board of directors voted unanimously to elect Vice Admiral Walter B. Massenburg, USN (Ret), as our president.

Wally comes to us by way of a distinguished career in patrol aviation followed by a most successful tour as Commander, Naval Air Systems Command and time in industry. He knows Naval Aviation, believes in the ANA and has good working relationships with active duty Naval Aviation, industry and the various organizations that make up the Naval Aviation support community.

The entire board of directors is pleased that VADM Massenburg has stepped forward and looks forward to working with him as he leads us in the coming years to more vigorous support of Naval Aviation on all fronts. We ask that you give him your full support.

Welcome aboard Wally!

VADM Bob Dunn
Acting Chairman
